About Cambridge Student Experience

CSE has provided international students with exciting new Cambridge experiences for nearly a decade. It explores new talents and ideas dedicated in supporting and encouraging students to overcome academic barriers in studying abroad.

It was founded by two young professionals, with an aim to inspire a new level of confidence in students, and enabling them to navigate successfully through new systems and cultures.

With CSE, you will embark on a journey of a lifetime, building long lasting connections, that will change the way you see the world.

The experiences you will go through with CSE, will entice knowledge of history, cultures, and academia.

About Host family and Student Halls

Discover the Cambridge Student Experience—your trusted partner in offering international students a welcoming and enriching stay in Cambridge. With years of collaboration with local residents and the prestigious University of Cambridge, we ensure a seamless experience for students visiting this iconic city.

Our strong relationships, built on trust and professionalism, allow us to provide exceptional accommodations with host families, giving students the opportunity to grow, become more independent, and immerse themselves in the rich cultural and academic diversity Cambridge is known for.

For those staying in our Student Halls, we offer direct access to the heart of Cambridge's academic environment, with abundant educational, social, and recreational opportunities to explore. Let us help you make the most of your Cambridge journey!

At Cambridge Student Experience (CSE), we go above and beyond to ensure our host families are carefully selected, with every household undergoing a rigorous screening process, including a DBS (Disclosure and Barring Service) check, for your peace of mind.

Before your arrival, simply share your dietary needs, medical conditions, or any key information (like allergies) with us, and we'll expertly match you with the perfect host family to make your stay comfortable and memorable.

For an even smoother transition, we always pair students in groups of at least two per household, fostering immediate connections and a more fulfilling Cambridge experience! Let us help you feel at home

We collaborate closely with top educators to ensure the perfect match between students and host families, guaranteeing a positive and enriching experience.

While we strive for seamless arrangements, we understand that unexpected emergencies or cancellations may arise. This could impact the final list of host families. Therefore, please consider the assigned family as temporary until your arrival, when you'll receive the final confirmed details.

English Lessons

All CSE programs offer English lessons led by professional teachers, tailored to students' proficiency levels. To ensure that every student gains the most from the experience, class sizes are kept to around 15 pupils.

Students are grouped according to their English level, allowing for more targeted and effective learning. Depending on the program length, students will have a set number of English instruction hours, scheduled between 09:30 and 15:30.

At the end of the course, each student will receive a Certificate of Attendance as a keepsake of their learning and the valuable experience gained through the CSE program.

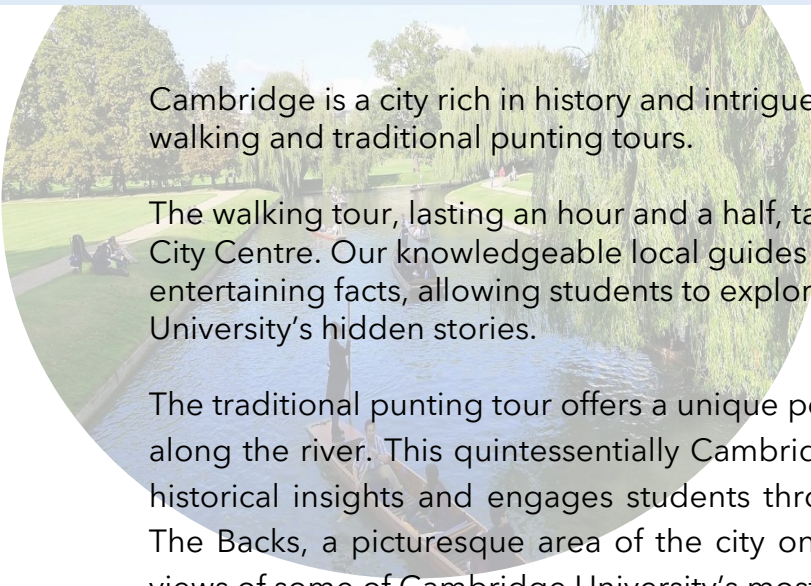

Cambridge University Orientation Tour

The Cambridge University Orientation Tour is designed for high school students in their final years who are considering applying. During the tour, you'll learn everything you need to know about the University and its Colleges, including available courses, departments, facilities, the application process, student life, and financial options.

Plus, you'll have the chance to ask questions directly to current students, giving you an insider's perspective on what it's really like to study at Cambridge

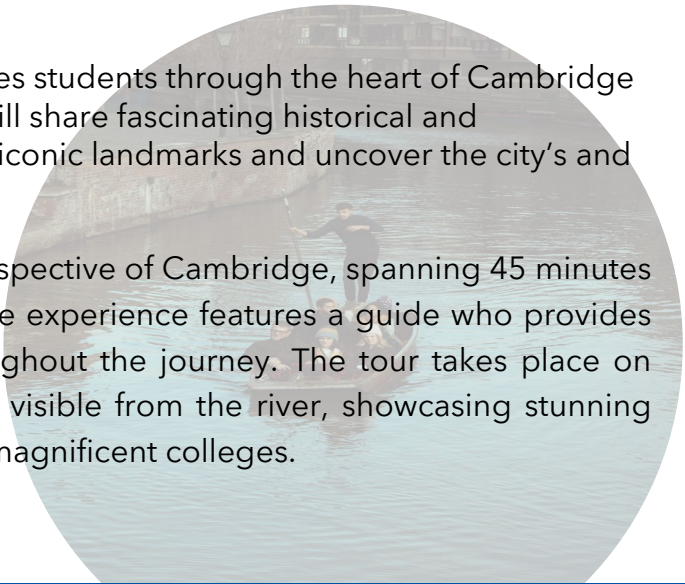

Local Tours

Cambridge is a city rich in history and intrigue, and as part of our program, CSE offers both walking and traditional punting tours.

The walking tour, lasting an hour and a half, takes students through the heart of Cambridge City Centre. Our knowledgeable local guides will share fascinating historical and entertaining facts, allowing students to explore iconic landmarks and uncover the city's and University's hidden stories.

The traditional punting tour offers a unique perspective of Cambridge, spanning 45 minutes along the river. This quintessentially Cambridge experience features a guide who provides historical insights and engages students throughout the journey. The tour takes place on The Backs, a picturesque area of the city only visible from the river, showcasing stunning views of some of Cambridge University's most magnificent colleges.

Special Activities

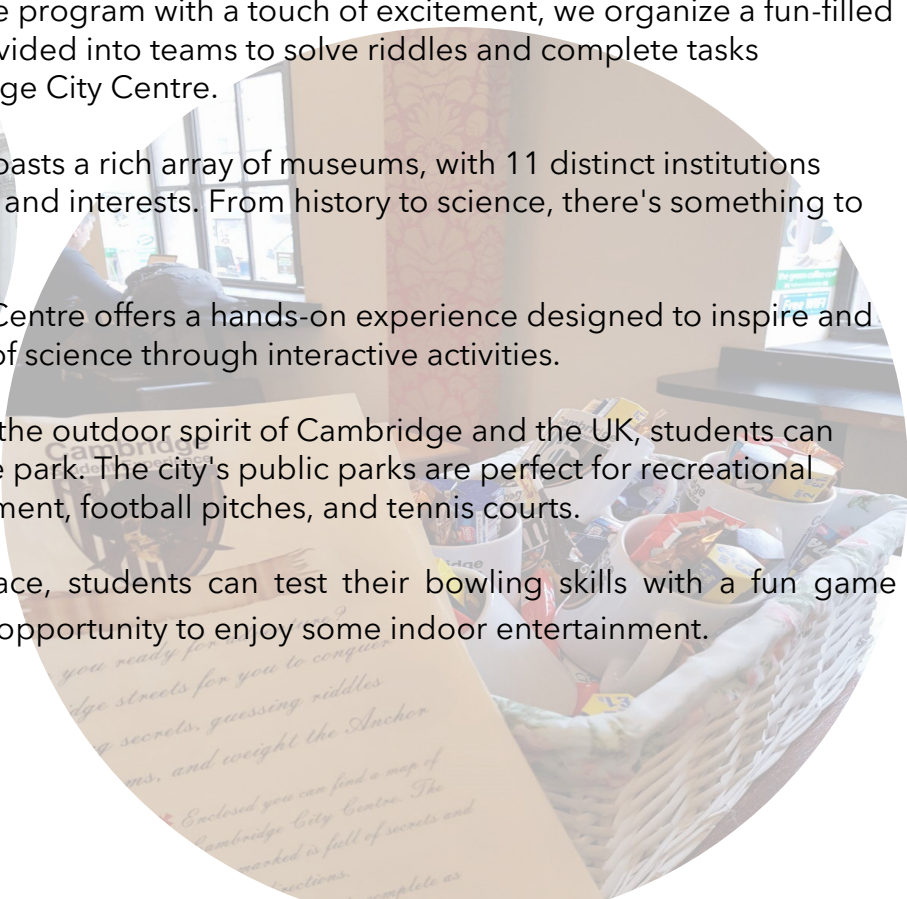

Treasure Hunt: To wrap up the program with a touch of excitement, we organize a fun-filled Treasure Hunt. Students are divided into teams to solve riddles and complete tasks scattered throughout Cambridge City Centre.

Museum Visits: Cambridge boasts a rich array of museums, with 11 distinct institutions showcasing various specialties and interests. From history to science, there's something to captivate everyone.

Science Centre: The Science Centre offers a hands-on experience designed to inspire and engage students in the world of science through interactive activities.

Sport in the Park: Embracing the outdoor spirit of Cambridge and the UK, students can enjoy a picnic and sports in the park. The city's public parks are perfect for recreational activities, featuring play equipment, football pitches, and tennis courts.

Bowling: For a change of pace, students can test their bowling skills with a fun game organized by CSE, offering an opportunity to enjoy some indoor entertainment.

Transport

Airport Transfers: CSE handles all internal airport transfers for students participating in the program. Transport to the two main London airports, Luton and Stansted, is included in the package price, as these are the most frequently used. If students arrange flights to or from other airports, additional costs may apply.

Inner City Transport: Depending on factors such as the students' age, the length of their stay, and the specifics of the program, CSE offers various transport options. For short stays with students aged 13 and over, we provide weekly city bus tickets. On the first day, host families will show students the nearest bus stop and provide a map to help them navigate throughout their stay. We ensure that the walk from the host family's home to the bus stop is no longer than 10-15 minutes.

Day Trips

CSE are devoted to offering the best experience to its students. Therefore, the students have the opportunity to choose one of the extra day trips that the Company offers.

A few of the previous chosen destinations were London, Oxford and Windsor. CSE will organise all details necessary, transportation and a local guide, which is provided to assist the group Leaders and take the students to the chosen interest points in the new location.

The day trips are an addition to the basic programme, and it is offered at an extra cost. (Destination and requirements dependent).

***The cost for the 7 day trips with accommodation in host families (both for secondary and high school groups) increases with £20/person if the trip is booked during peak season: 1st June-31st of August.**

Reviews

Aron

A great experience , beautiful city, liked it very much. It was great

Hani

Had a wonderful time here, the hosts were awesome, the city is lovely. Waiting to return to this student experience ASAP. Loved it

Vanessa

I think it was the most beautiful experience i have ever had! Everyone should try it at least once in their lifetime!

Iulia

We've been back for 2 days and I can tell that it has been one of the most beneficial and valuable experience I have ever been through, not only as a teacher with my students, but also as an educational projects lover and a world traveller.

I do recommend Cambridge Student Experience to everyone who wants to experience the English life-style and environment, novelty, friendship, practical learning, breath-taking scenery, English language out-of-the-box training, self- challenging, self- validation, academic exposure, cultural eye-opening.

Catalina

No words can explain how much I enjoyed this experience! I recommend it to everyone and I'm looking

Andrei

Simply amazing. We ll structured program, fun activities. Couldn't enjoy it more. and I'm looking forward to next year"
